SKILLS

Programming language: Kotlin, Java, C++

Software development : Android mobile development, RESTful backend development.

Electrical Installation: Surface/Conduit electrical installation and Solar installation

Design: Electronics circuit design using Proteus software

Simulation: Electronics circuit simulation with proteus
Development:

ACADEMIC QUALIFICATIONS

FEDERAL UNIVERSITY OF AGRICULTURE	2015
Bachelor Degree in Electrical Electronics Engineer: second class upper	

OLADIPO ALAYANDE SCHOOL OF SCIENCE OKE-BOLA	2009
West Africa School Certificate	

WORK EXPERIENCE

Code Trik Nigeria Enterprises	Sept 2020 - Recent
--------------------------------------	--------------------
